Portfolio: portfolio-7xvd.onrender.com

PROFESSIONAL PROFILE

Computer Science graduate with a strong academic and practical interest in Artificial Intelligence, Machine Learning and Data Science. Hands-on experience with Python, PyTorch, YOLOv8, data analysis, Django and full-stack application development. Experienced in data preprocessing, feature engineering, predictive analysis, model evaluation and building practical AI-powered applications. Seeking to deepen technical and research-oriented expertise through graduate study in AI/ML in Germany.

WORK EXPERIENCE

Python Full Stack Developer Intern

01/2026 – 05/2026

QSpiders – A Unit of Test Yantra Software Solutions (India) Pvt. Ltd.

Developed web applications using Python and Django; worked with HTML, CSS and JavaScript and gained practical full-stack development experience.

Machine Learning Intern

10/2025 – 04/2026

Swifty9

Worked on an Operations Analytics and Efficiency Optimization project involving data preprocessing, exploratory data analysis, feature engineering, machine learning for predictive analysis and operational forecasting, model evaluation, workflow automation and dashboard development.

EDUCATION

B.E. in Computer Science and Engineering

2022 – 2026

Vidya Vikas Institute of Engineering and Technology, Mysore

Visvesvaraya Technological University (VTU) · CGPA: 8.41

Pre-University (PCMB)

2020 – 2022

Manasorowar Pushkarini Vidyashrama Pre-University College, Mysore

79%

10th Grade (CBSE)

2020

St. Joseph's School (CBSE), Mysore

81.6%

SELECTED PROJECTS

DeepSecure – Suspicious Human Activity Recognition

Real-time AI surveillance system using YOLOv8 for suspicious-activity detection; implemented with Python and PyTorch and deployed through Flask.

Offline Skin Cancer Detection

Offline AI/ML application for skin-image classification and skin-cancer detection, designed around local model training and inference without requiring an internet connection.

Personal Portfolio Website

Full-stack portfolio built with Next.js/TypeScript and Django/REST API, presenting projects, skills, education, experience and certifications.

TECHNICAL SKILLS

Programming: Python, JavaScript, SQL

AI / ML: Machine Learning, PyTorch, YOLOv8, Data Analysis, Predictive Analysis

Web / Backend: Django, REST API, Flask, HTML, CSS

Tools / Concepts: Git, SDLC, Agile methodologies, Cloud fundamentals (AWS, GCP)

CERTIFICATIONS

Data Science — Infosys Springboard — 30 August 2026

Generative AI Landscape — Infosys Springboard — 07 May 2025

Prompt Engineering — Infosys Springboard — 07 May 2025

GEN AI STUDY JAM 2024 — Basics of Google Cloud Courses — VVIET, Mysore — 22 Nov 2024

LANGUAGES

English: Proficient

Kannada: Native

German: A1 (Basic)

INTERESTS & ADDITIONAL INFORMATION

Public speaking and debating · Logical and analytical problem solving
AI/ML applications and data-driven software development
